

## Strategic Planning Summary- May 18, 2017

### Core Values:

- Accountable
- Collaborative
- Common Goals (short and long term)
- Dedicated
- Evidence-Based Practice
- Focus on Overall Wellbeing

### Greatness:

- Decision Makers
- Inclusive
- Interdisciplinary
- Knowledge Exchange
- Networking
- Sustainable Budget
- Unified Voice

### As members of the Saskatchewan Oral Health Coalition, we collectively agree we will:

- **Advocate** for a Provincial Dental Officer.
- **Raise** public consciousness to make oral health a priority by serving as **advocates**.
- **Serve** as a resource to the SOHC: to inform, educate and update on relevant issues, so that all members may reach a common level of understanding.
- **Educate** potential stakeholders about oral health issues, so that more people may be willing to get involved, and promote coalition to the public.
- **Support** SOHC initiatives, including members' initiatives/projects.
- **Involve** more front line workers.
- **Lobby** for inclusion of oral health education/promotion at institutions that train health professionals.
- **Encourage** other agencies/groups at executive level to be engaged in oral health issues.
- **Promote** SOHC in a positive manner.
- **Leave** our own agendas "at the door".

### What do you want our Coalition to look like?

- Culturally competent; Culturally safe
- Educational
- Increased and diverse membership: more multi-sector members, with increased representation from all levels of government for a well-rounded perspective
- Network Capacity
- Our strength is through our diversified, dedicated membership and the sharing of unified messages with many different sectors.
